LEADERSHIP PLANO

We are a community of servant leaders.

History & Purpose Leadership Plano began in 1983 as a community leadership development program of the Plano Chamber of Commerce. Each year, up to 36 candidates are selected to participate in the program. Leadership Plano is dedicated to educating, developing, and empowering current and future leaders for the community and motivating them to serve civic, charitable, and business organizations.

Participants Plano is synonymous with excellence, and our leadership has reflected this fact. Through Leadership Plano, the Plano Chamber of Commerce is committed to continuing the strong tradition of involved, dedicated community leadership that has served the city so well. Leadership Plano participants are given the opportunity to explore the inner workings of Plano's government, educational systems, private and non-profit organizations, justice system, and economic development. The insight they gain is meant to serve as the foundation for their long-term involvement in the Plano community, ideally in a variety of leadership roles. The individuals profiled in this book were selected because they want to be an integral part of Plano's future. Each has excelled in a chosen field of interest, and each has given time to serve the community.

Program Leadership Plano participants undertake a nine-month program designed to increase their individual and community leadership skills. The program begins with a two-day orientation retreat in September focusing on individual leadership styles and techniques. The class then lasts one day a month from October through May examining specific topics and aspects of the community. An extensive leadership development curriculum is offered throughout the program.

Dear Leadership Plano Class 42,

Congratulations! On behalf of the Leadership Plano Advisory Board, it is my privilege and pleasure to welcome you to this distinguished community of leaders. I extend my warmest greetings as you begin this transformative personal and professional learning experience. We are thrilled that you are joining an extraordinary network of committed forward-thinking individuals who care deeply about the future of Plano.

Your selection to Class 42 recognizes your passion, dedication to service, and leadership qualities. You have been chosen because of your unique perspectives, strengths, and contributions, which will enrich the program for everyone involved. As you embark on this journey, you are stepping into a legacy that spans more than four decades of leaders who have shaped and strengthened the City of Excellence.

Throughout the coming months, I encourage you to engage fully—ask questions, seek feedback, share your insights and talents generously, and remain open to all the learning opportunities this program offers. What you gain from Leadership Plano will be shaped by what you give, and I am confident your collective contributions will be remarkable. Each session will provide deeper insights into Plano's operations and help you better understand your own leadership style and passions. You will find inspiration, be challenged to grow, and be supported along the way. Most importantly, you will share this transformative experience with classmates who will become trusted colleagues, collaborators, and lifelong friends.

As you begin this new chapter, please know that the Leadership Plano Advisory Board is here to support you every step of the way. We look forward to witnessing your growth, celebrating your achievements, and seeing how you will continue to strengthen the legacy of Leadership Plano. Greetings Class 42:

Congratulations on being selected to be part of Leadership Plano class 42. It is my distinct honor and privilege to lead class 42 this year. Through my experience of being a participant and a proud graduate of leadership Plano Class 39, I personally came to experience the growth, impact and camaraderie that you will experience this year. I applied to become a LP board member to continue my service and then experienced the planning process for class 40 behind the scenes. Through all my personal experiences I became a true believer in the power and impact of Leadership Plano. This is my second year leading Leadership Plano, and I have so enjoyed witnessing the growth and development of the participants. I love impact projects and Leading Leadership Plano for the second time is a perfect way for me to continue to make an impact within my community and leading the charge for growth and impact through Leadership Plano. Leadership Plano has for over 40 years continued to have a legacy impact on individuals and on the greater Plano community. Making Plano a true City of Excellence.

I wish you all the best for the year ahead. We have a lot to learn and accomplish together. The Leadership Plano advisory board is a wonderful team of accomplished leaders that have a great year planned for you. I have already seen such character, resilience and growth in the few short weeks that we have been together. Take your time to fully engage in the program and to learn about our City of Excellence, grow your leadership skills and develop lasting relationships and friendships. The time we have together will go by so fast, but my hope is that you will take what you have learned and the relationships you have made and use that to make our Plano Community even stronger, by giving back of your time talents and treasures.

LEADERSHIP PLANO CLASS 42 RETREAT

NEW CLASS RECEPTION

Making a Difference

Through class projects, such as…

- Leadership Plano Class 41 created an initiative LIFT Plano. It would provide a wonderful opportunity for Leadership Plano alumni to continue making a positive impact in the community and stay connected to the program. It's also a great way to reinvigorate past projects and contribute to new ones that align with the community's needs. The first project under LIFT Plano was landscaping for Samaritan Inn was a great start. They have already set a strong example of giving back and would love to engage alumni in future projects.
- Bedstart: Helped set up and organized the office space to provide a welcoming environment for our new neighbors and volunteers and bring awareness of our services to those in need.
  Headstart: Creating a library for students and families at Plano ISD HeadStart program.
