I hail from: Spokane, Washington originally. My dad was military and retired in Fort Worth, Texas when I was 16. I moved away to North Carolina 11 years ago, then to Tennessee for one year. My husband was offered a job here and we bought a home in Plano.

When I'm not hard at work, my "Play Time" includes: sewing wedding dresses and other items to release stress. We also have a Honda Goldwing and I love to sit on the back and look pretty. ☺

A bit of wisdom or suggestion I can share with another woman, or person, in business is: always show that you really care - that leaves a good first impression.

The greatest thing about networking with the Women's Division is: I meet women that I have something in common with. We are all trying to be successful and have each other's support.

I am making connections in 2010 by: going to the Chamber meeting on Friday mornings to talk to people and see if they have the need or know someone that might need a mover.
