The Plano Chamber of Commerce offers services to support your business, including Certificate of Origin processing. Plano Chamber members can enjoy these services at discounted rates.

A Certificate of Origin signature and embossed stamp can only be obtained from a Chamber of Commerce, and area businesses are welcome to visit the Plano Chamber of Commerce to have their Certificate of Origin verified, stamped, and signed by a Plano Chamber staff member or representative.

A Certificate of Origin is an international trade document which is used for certificate that the products exported are wholly obtained, produced, or manufactured in a particular country. It is generally an integral part of export documents.

Virtually every country in the world considers the origin of imported goods when determining what duty will be assessed on the goods or, in some cases, whether the goods may be legally imported at all.

The "origin" does not refer to the country where the goods were shipped from but to the country where they were made. It is necessary for businesses to show proof of manufacturing/production is in the United States.

When having a representative at the Plano Chamber of Commerce to sign and stamp the document, it is necessary that the business bring one copy of the Certificate of Origin form to remain with the Plano Chamber for their records.
