STATEMENT:

Chamber Signs on in Support of NAFTA

The Plano Chamber of Commerce has signed on to the U.S. Chamber of Commerce's position statement in support of modernization of the North American Free Trade Agreement (NAFTA). NAFTA plays a vital role in the United States' economy, and it is no exception in Plano, Texas.

The removal of trade barriers between Canada, the U.S., and Mexico is imperative for many of our member companies. As our elected representatives engage in the process to modernize this 23-year-old agreement, we reiterate and emphasize the need to first "do no harm." Some of Plano's largest employers depend heavily on this agreement, and any reforms that weaken or withdraw the U.S. from NAFTA would have a tremendously negative impact on our community.

There are opportunities for improvements that increase trade, reform regulations and tax structures, and expand U.S. economic growth. We encourage our elected officials to focus on these opportunities to positively increase NAFTA's impact on our local and national economy.

Sincerely,

Jamee Jolly
President/CEO
Plano Chamber of Commerce

Att: Chamber Federation Letter on NAFTA – Dated 10.10.17

"The Plano Chamber of Commerce is committed to maximizing business development and economic growth of the community through advocacy, education, innovation, and collaboration."
