"DOING GOOD" IS CONTAGIOUS. PASS IT ON.

In business, social consumerism creates a win-win-win model for consumers, companies, and recipients. By tweaking existing business models, we can work together to solve social issues around the world. Andre Angel, a Dallas-based entrepreneur and the inventor of TangoTab joins us as this month's featured speaker. TangoTab is a free app that contributes to the fight against hunger while offering diners discounts at participating restaurants.
